OR

Write a précis of the following passage and give a suitable title :

Education ought to teach us how to be in love always and what to be in love with. The great things of history have been done by the great lovers, saints, men of science and artists, and the problem of civilization is to give every man a chance of being a saint, a man of science or an artist. But this problem cannot be solved unless men desire to be saints, men of science and artist. And if they are to desire that continuously, they must be taught what it means to be these things.
